# SHELBY GTS

# GT350

# GT500 Super Snake

Building on the popularity of the Shelby GT program, Shelby American introduces the new Shelby GTS. Now available for 2011 and 2012 V6 and V8 5.0 Mustangs, coupes and convertibles, manual and automatic transmissions, this program offers the unique styling, handling, and available performance upgrades you've come to expect from Carroll Shelby and his group of "hot-rodders." The enhancement possibilities are truly endless. Uniquely Shelby.

A genuine American original returns. The 2012 Shelby GT350 delivers aggressive performance, exhilarating handling and exceptional craftsmanship. Today's Shelby American team fused advanced technology with sophisticated design to recreate the spirit, passion and performance that made this muscle car a legend. The new 2012 GT350 remains true to the original, which raced its way to the Winners Circle in circuits across the country in 1965. The GT350 continues the passion, ingenuity and energy of Carroll Shelby and his team of hot rodders. Available in coupe or convertible, Race Red, Performance White, or Kona Blue.

In 2012 Shelby American continues to bring you the Shelby GT500 Super Snake package for your existing Shelby GT500. The upgrade offers several options up to 800 HP for performance only Shelby can bring you, based on Ford's new 5.4L aluminum block engine. This package is limited in volume.

**V6 PACKAGE PRICE\*: \$9,995**  
**V8 PACKAGE PRICE\*: \$11,995**
